

Streets Boil, People Faint In Inferno Of Reich Capital

Stockholm, Nov. 24 (AP)—Berlin was an inferno of indescribable horror where even the "asphalt on the pavements was boiling" following the RAF's 1,000 bomber assault on the Nazi capital Monday night, eyewitnesses reaching Sweden said today.

The city yesterday was "still one big fire," one traveler said.

(The Air Ministry announced today that the RAF gave the crippled capital another "heavy" raid last night.)

"The heat was so terrible that it was almost impossible to walk or drive on some streets," another witness said. "I saw people collapse on the pavement from the intense heat."

By GLADWIN HILL

London, Nov. 24 (AP)—The RAF hurled tons of destruction down on Berlin again last night, seeking for the second night in succession to knock out the German capital, much of it already devastated.

The force and weight of bombs dropped last night probably approached but did not exceed the record of Monday when over 2,300 long tons were delivered by approximately 1,000 bombers, nearly all of them four-engined giants.

Most-Bombed Capital

"Concentrated and effective," was the Air Ministry's description of the second great attack on the world's most-bombed capital.

Despite more favorable weather for the defense, the RAF lost only 20 planes in the second successive Berlin attack and simultaneous Mosquito attacks on western Germany, compared to 26 lost in comparable operations the night before.

Berlin already was chaotic from history's greatest aerial attack delivered only 24 hours before when the new deluge of Allied bombs struck last night.

"Walls of Flame"

Berlin correspondents of Swedish newspapers said new fires and "walls of flame" more than half a mile long swept Berlin after the second attack.

The Stockholm newspaper Afton-Tidningen asserted fires started by incendiary bombs last night linked up with flames still burning from Monday night's attack.

Stockholm's Allehanda estimated 25,000 persons were killed in the first attack. It added the center of Berlin again was the main target last night and railway stations, gas and water mains suffered heavily.

Capital Isolated

The German capital was isolated from the world today by telephone and telegraph. Neither telephone calls nor telegrams were being accepted in this morning nor were Swedish correspondents able to telephone out of the city.

Because Berlin is the hub of Hitler-dominated Europe, communications with virtually the whole continent were affected.

While the German high command communique acknowledged "new and heavy damage by fires" caused in last night's attack, the Stockholm Afton-Tidningen said the repeated concentrated bombing was virtually as big as Monday's.

Explosions of blockbusters rocked all sections of Berlin, the newspaper said, but fires provided the worst horror. Storm clouds of ashes swept through the streets and often there were terrific gusts of flames caused by the peculiar effect of big bomb blasts.

Cyclonic Fires

The explosions seemed to create a vacuum which was followed by a cyclonic wave of fire.

Fire fighters were unable to cope with their task and entire areas 10 to 12 blocks long were enveloped in flames this morning.

RAF fliers returning from last night's raid declared they "never saw such fires" as those raging in Berlin's streets.

The RAF's smaller loss in the second attack indicated strongly that Berlin's defenses — anti-aircraft guns, searchlight batteries and probably night fighter bases around the city as well — were hard hit in Monday night's raid. The German high command claimed only 19 British bombers downed.

This meant the Allied attack was gaining in strength and immunity as it moved ahead.

Veterans of the 1940-41 aerial assaults on London were staggered today trying to conceive the havoc wrought in Berlin by two such heavy attacks in a row.

They compared the situation with that in London the night of May 10, 1941, when it was generally agreed that if the German bombers had returned the next night the chaos would have been virtually unbearable. The May 10 raid on London was scarcely one-fifth the force of Monday night's assault on Berlin.

Truth Our Guide—The Public Good Our Aim

ESTABLISHED 1902 Leased Wire Member of The Associated Press GETTYSBURG, PA., WEDNESDAY EVENING, NOVEMBER 24, 1943 Read by Nearly Everybody in Adams County PRICE THREE CENTS

Good Evening  
Man is like a tack, good only with a head and pointed in the right direction.

THANKSGIVING DAY WILL BE NOTED HERE IN CHURCH, HOME

Adams county will celebrate Thanksgiving Day, Thursday, for the eightieth time since it has come to be observed nationally with prayer and feasting — in the traditional manner.

Protestants will unite at the annual union Thanksgiving service to be held at 9 o'clock Thursday morning at the Presbyterian church. The Rev. Dr. Dwight F. Putman, pastor of Christ Lutheran church, will be in charge of the worship service.

The Rev. Charles K. Gibson, new pastor of the Methodist church will offer the Thanksgiving prayer and the Rev. Robert M. Hunt, pastor of the Presbyterian church, will deliver the sermon. Special music is planned for the service. Mrs. Paul Ketterman will conduct a nursery at the church during the time of service so that the parents may bring their children to church with them.

Catholics here will attend a special memorial high mass of requiem at 8 o'clock Thursday morning in St. Francis Xavier church with the pastor, the Rev. Fr. Mark E. Stock, as celebrant. The mass is for the deceased members of the Gettysburg council of the Knights of Columbus, the Father Corby council of the Pennsylvania Catholic Beneficial League and the St. Francis Xavier Beneficial society.

Turkey, in spite of its high cost, will be the main dish at many family dinner tables with all of the traditional fixings.

Turkey At Hospital, Jail

Many homes will be touched by the sorrow caused by the absence of 3,000 county men and women in the armed forces, but the parents and wives will know that their sons and husbands are being served turkey and "trimmings" by Uncle Sam's mess sergeants, while the remainder of the family is enjoying its own turkey at home.

The 11 prisoners at the county jail will be given turkey, Thursday, Sheriff Daniel J. Wolf said, and those prisoners whose terms will keep them confined at the jail until after Christmas will be eating another turkey dinner a month from now.

Patients at the hospital will also be given a turkey dinner Thursday, with the turkeys provided by the Women's Auxiliary of the hospital. The staff is providing traditional Thanksgiving decorations for the rooms.

Stores to Close

Thursday evening the Gettysburg Christian Science society will hold its annual Thanksgiving service at 7:30 o'clock.

Stores in town will close for the day, with many scheduled to stay open late this evening in order that the customers may buy those last minute articles needed for the feast to come.

Only the county home will be outside the general celebration. No arrangements have been made for any special activities there for the day with the exception of listing ice cream for dinner dessert.

A Lincoln Institution

Banks throughout the county and the offices at the court house will be closed for the day.

Thanksgiving Day, originating with the Pilgrims in the New England states, took on the nature of a national holiday in 1863, when President Abraham Lincoln wrote a proclamation urging that the day be observed. Every President since that time has urged the observance nationally.

There will be no mail deliveries, either rural or in the town, Thursday. Mail going out of town, however, will be prepared and shipped to other postoffices.

Following its usual custom The Gettysburg Times will not publish on Thanksgiving Day.

Grandson Of Local Couple Decorated

Capt. Gilbert Freeman, son of Mr. and Mrs. F. E. Freeman, Sacramento, Calif., and a grandson of Mr. and Mrs. J. Warren Gilbert, Baltimore street, has arrived home on leave from the European war theater after participating in 50 combat flights during eight months.

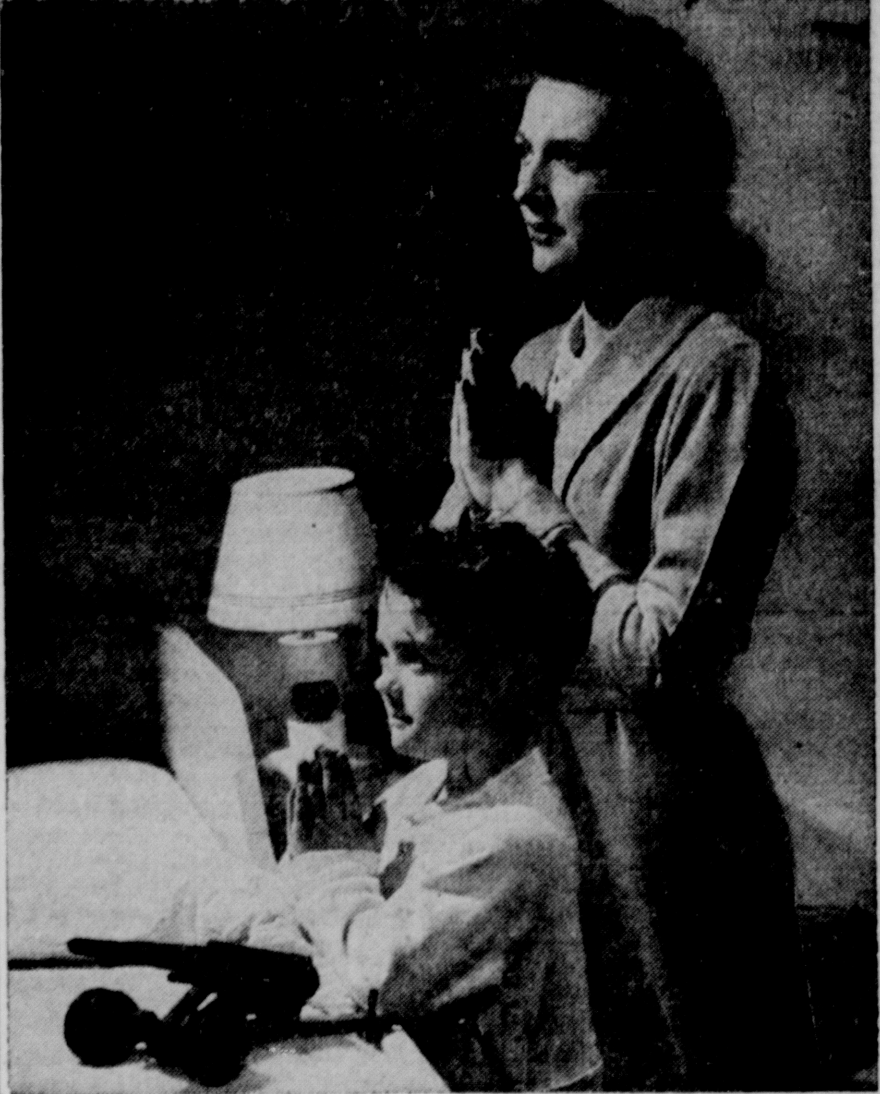

The officer, who included Rome in his bombing objectives in the Mediterranean area, holds the air medal and nine oak leaf clusters. He was pilot of the Flying Fortress Thunderbird which has been credited with the destruction of seven enemy fighters.

Captain Freeman's mother is the former Miss Lulu Gilbert.

We Are Thankful

Thanksgiving Day—1943

By REV. ROBERT M. HUNT  
Pastor Gettysburg Presbyterian Church

On this Thanksgiving Day let us be grateful of heart. We in America have more for which to be thankful in 1943 than the Pilgrims had in 1621. Our harvest is not the best but we have plenty for all if we share, and plenty more to send across the seas to those who know the real pangs of hunger. Religious persecution that drove the Pilgrims to these shores is rampant again in Europe but we may still worship God in freedom. Our boys are in the best organized, best equipped, best cared for army the world has ever known. Miraculous medical care has saved thousands of lives that could not have been saved in the last war. Though every inch of ground must be wrested from the enemy at a cost no human heart dares to compute, yet the war is going well with us. The day of a greater Thanksgiving is no longer out of sight.

Our joy on Thanksgiving Day—1943 should be no less than that of the Pilgrims who lifted grateful hearts unto God. An ancient writer counsels: "When thou hast eaten, and art full, then beware lest thou forget the Lord thy God." (Deut. 6:11, 12) We will not forget, we will heed the glad call of the Psalmist. "Enter into His gates with thanksgiving, and into His courts with praise: be thankful unto Him, and bless His name, for the Lord is good."

He had been a patient at a hospital in Oran from September 1 until he was removed to the New York hospital. His family learned Sunday that he had arrived at St. Alban's. Mrs. Plattenburg plans to leave for New York this evening.

Patton's Friends Declare He Resented "Shell-Shock"

By WILLIAM FRYE

Washington, Nov. 24 (AP)—Long-time friends of Lieut. Gen. George S. Patton, seeking to explain his impulsive slapping of an untrained soldier receiving hospital treatment, recalled today that "old blood and guts" never could comprehend that shell shock can be as real as a shrapnel wound.

The pistol-packing' papa of the 7th army who goes into action with a pearl handled revolver was said by these friends to have a blind spot toward warfare's psychological or nervous casualties; he remains unconvinced by medical evidence that all wounds are not necessarily visible to the naked eye.

In the absence of any official report to Washington on the episode, for which Patton apologized to his entire command, they assume the hard-driving general found a group of shell shocked patients in a hospital tent and, under the stress of a developing campaign, leaped to the conclusion that they were "gold bricking," or malingering.

URGES SURVEY ON PROBLEMS OF YOUTH HERE

Formation of a fact-finding group to conduct a survey of youth needs and problems which would form the basis for a long-range county-wide program was urged by Dr. Bertha Paulsen, Seminary faculty member, Tuesday evening, at the last in a series of four meetings on youth problems in wartime, sponsored by the county Welfare committee.

Doctor Paulsen's suggestion, in which a number of the group of 25 concurred, was made after she described "very serious" youth problems in Gettysburg and Adams county. The conditions are becoming steadily more acute and may be expected to develop new complications immediately after the war, it was stated by Dr. Paulsen who has led the lecture-discussion series which opened last month.

"Young people in their 'teens face a very serious need for adequate recreational facilities in Gettysburg and other county communities," she said. "High school and working girls, working mothers who neglect day care of their families and other groups make up important parts of the whole problem."

State Laws Unenforced

The speaker urged the broad survey to provide facts upon which conclusions on local needs could be based. She urged that the problems be attacked by a group of experts made up of representatives of the courts, police, schools, churches, the medical profession and social workers—and the young people themselves.

A reasonable financial plan should be worked out; overlapping of effort should be avoided; existing facilities and organizations should be utilized; labor groups should be consulted and the community itself should be educated in preparation for the operation of the new plans, she said.

In the discussion period that followed

Continues Farm Planning Service

D. E. Hess, who is in charge of the county Soil Conservation Service farm forestry office here, announced today that his office will continue to render assistance to county farmers in planning strip-cropping, contour farming and in handling farm forestry problems.

There he will have charge of the survey for and construction of a 15-mile drainage ditch that will bring into production hundreds of acres of farmland. The work is being sponsored by Soil Conservation districts in the vicinity of Waterloo, which were organized by and are operated by the farmers of that area.

The 89th air assault on Berlin, the third massive blow in six days, was executed at the cost of 20 bombers, adding swift and terrible retribution to the capital from which Hitler started this terrifying type of war.

SEEK HOME FOR 2 KIDDIES; PLAN XMAS PRESENTS

While the members of the county Child Welfare Advisory committee sought—as yet unsuccessfully—for a temporary home for a six-year-old boy and his sister, aged five years, at a special meeting Tuesday evening, plans also were made for providing Christmas gifts for the 47 boys and girls ranging in age from two to 19 years that are under the care or supervision of the county Child Welfare services.

Mrs. Elizabeth Grieb, Child Welfare secretary, continued today her search for a home or homes for the pair of youngsters, two of four recently placed in the Services' hands. Provision already has been made for the two others.

Meet Next On Jan. 11

Names and descriptions of the 47 youngsters were distributed Tuesday evening among the committee members to be turned over to church or Sunday school organizations or other groups or individuals. The presents are to be wrapped and taken to the Welfare office in the Murphy building, Baltimore street by December 15 so that they may be distributed to the children in their homes, foster homes or institutions.

C. C. Culp, treasurer of the advisory committee, presided at the meeting in the absence of the president, the Rev. Dr. Dwight F. Putman.

It was announced that the next meeting will be held on the second Tuesday evening in January, Jan. 11. Conflict with the Week of Prayer schedule caused postponement to the second week of the month.

# RAF REPAYING WITH INTEREST ON LONDON DEBT

(This column, conducted as a daily feature by Dewitt MacKenzie, is written today in his absence by J. M. Roberts, Jr.)

Winter weather, dire enemy of the Nazi in the east, has turned against them in the west as well. Through ice-forming clouds which kept Berlin's defensive fighters out of the air, the RAF has repaid the Luftwaffe for all it could do to London and now is piling on the interest.

It was Hitler who promised to repay British with hundreds of pounds of explosives for each pound dropped on Germany, but it is the RAF which has carried to Berlin 6,000 tons of bombs this year, as compared with the 7,500 dropped on London during the battle of Britain. Berlin, Hamburg, Cologne and the Ruhr, not London, have suffered history's heaviest bombings.

But the last two raids on Berlin carry a significance over and above their material weight.

## Conquering Weather

There have been some hints that the Allies have developed technical means of overcoming bad weather around their targets. Whether the use of fast, low tracer planes to mark with target with flares is the whole story on this remains to be revealed. But the last raids on Berlin, the greatest of all, have been made through weather on which the Germans formerly depended for a breathing spell.

It is natural that we should get exaggerated reports of the effect of bombing on German morale as well as on her industry. The sources available pre-ordain that. But there is no denying that in 1940 Britain bowed her head to the storm and said "we can take it and will come back"; that in 1943 Hitler is exhorting people for defeatism inspired by the wreckage in western Germany.

While Allied aviation leaders have been promising heavier and heavier blows against Germany there has been recurring the old reminder that, in past years, the weather has restricted important bombing forays to five or six days a month.

## Goering Was Wrong

How must the Germans feel now, as winter starts, with a shattered hope for help by nature in the west, and Hitler's armies in the east in even worse position than they were in the two previous years?

So far as is publicly known, weather is still the greatest hindrance which air forces have to face. If the Allies continue able to ignore it—even use it to help them—Germany is indeed near the end of her fighting potential.

"No enemy plane shall drop its bombs on German soil,"—Goering.

# Streets Boil,

(Continued from Page 1)

Nazi night fighters were up last night but even they were fewer than usual in raids on Berlin, RAF pilots said.

## See Fires 50 Miles

Fires from Monday night's attack could be seen 50 miles away by pilots returning to the target a second time.

The length of time which the Berlin-bound air armada took to pass over the British coast indicated that the raid possibly was on a par with that of the preceding night—when 1,000 of the RAF's biggest aircraft unloaded 2,300 long tons of bombs on the German capital.

It was the RAF's eighty-ninth raid on Berlin and the third in the last six days. The persistence with which the British returned to the attack indicated their intention to give Berlin the same treatment earlier accorded Hamburg, vast areas of which were obliterated last summer in the greatest sustained aerial offensive ever directed against any one city.

Monday night's attack, which was reported to have set afire or wrecked the homes of Adolf Hitler, Foreign Minister Joachim von Ribbentrop and Propaganda Minister Paul Joseph Goebbels, made Berlin the world's most bombed capital. The raid brought the bomb tonnage dropped on Berlin so far this year to about 10,000 long tons.

The night blast followed daylight attacks on France in which American Marauders hit at St. Omer and Berck Sur Mer while RAF planes bombed targets in the Pas-de-Calais area without meeting fighter opposition. Two Marauders were reported missing.

Sergeant Poist is the daughter of Mr. and Mrs. Leo Poist, Lincoln Way West, New Oxford. She has a brother, Joseph, with the Army Air Corps at Miami Beach, Fla. # SGT. LAUGHLIN HOME ON VISIT

Sergeant Herbert D. Laughlin, formerly of Gettysburg, returned here Tuesday to visit his daughter, Miss Mary Elizabeth Laughlin, East Middle street, whom he had not seen since 1929.

The soldier, who has served 15 years with the U. S. Army, is on a furlough before reassignment to Army duty. Invalided back from service in the Southwest Pacific he spent the last four months and 20 days in Army hospitals, being released as a patient Saturday from the Ashford General hospital, White Sulphur Springs, West Virginia.

While his service in the Pacific covered many of the major battlefronts, he said today he was unable to list the particular fronts on which he fought because of military security as his outfit is still in combat.

While a member of an anti-aircraft gun crew he helped shoot down a Japanese bomber during an attack on the base at which he was stationed. He also took part in scouting and patrolling activities.

He was employed by C. W. Epley while living here before joining the Army. Sergeant Laughlin and his daughter planned to leave today for Chicago where they will visit relatives over the Thanksgiving holiday.

Although we live in a streamlined era of fast moving events, in a world beset by war, let us give thanks for the right of our American heritage. For the many blessings being denied others but so common place about us that we often take them for granted.

## SCENE

Tomorrow, where'er he'll be, on land or on the rolling sea.

Or in the sky,

"Thanksgiving Day at home!" he'll say, "with turkey in the good old way."

And pumpkin pie!

"Let all be thankful!" Ma will say, "And bow our heads in prayer this day."

About the board,

And as we should, for health and food and every good,

Come, thank the Lord!

"And then for you and me and all who here are answering freedom's call."

She'll ask his aid:

"Be with them, Father," she will plead, "and grant to them the strength they'll need."

Till peace is made!

"How many tables there will be, like that which keeps a place for me."

Thanksgiving Day!

How many mothers just like mine will say:

"Before we start to dine,"

"Come, let us pray!"

## TWENTY YEARS AGO

Lincoln Here Sixty Years Ago:

Sixty years ago Monday, Gettysburg was a hamlet in every sense of the word, but a busy bustling one at that, for the National Cemetery was to be dedicated and President Abraham Lincoln was to be here and deliver an address. Only a handful of the 25,000 persons who swarmed the National Cemetery is alive today to recall the occasion.

Two Hundred Teachers Open Institute: With well over 200 teachers of Adams county enrolled at the office of County Superintendent of Schools, W. Raymond Shank, in the court house by 1:30 o'clock, the sixty-ninth annual session of teachers' institute got under way in St. Francis Xavier hall on Monday afternoon.

McKendrick Is Named Captain: Sylvester McKendrick, quarterback on the Gettysburg high school football team, was elected captain of the team for next year, following the game at York Saturday afternoon, which resulted in a 24-0 victory for York.

Unveil Painting at Big Reception: A large oil painting entitled "The Betrayal of Judas" a gift to the Lutheran Theological seminary here of Dr. and Mrs. Jeremiah Zimmerman, of Syracuse, New York, was unveiled at a reception by students at seminary to the faculty and their friends in the seminary social rooms Friday evening. Dr. A. R. Wentz performed the unveiling of the picture.

Local Couple Wed at Hanover: In the presence of their families, Miss Grace Tawney, daughter of Frank Tawney, South street, and John F. Klinefelter, son of Mr. and Mrs. M. W. Klinefelter, York street, were married Thursday afternoon at 4 o'clock at the home of Mr. and Mrs. Perry J. Tawney, Hanover, the latter acting as attendants. Rev. Ralph H. Bergstresser, of St. Matthews Lutheran church, Hanover, officiated. The newlyweds will reside here, where Mr. Klinefelter is employed at the Reaser Furniture factory.

Krietz—Cool: Miss Margaret Emma Cool, daughter of Mr. and Mrs. Henry Cool, of Fairfield, and Francis J. Krietz, son of Mr. and Mrs. Robert Krietz, of Emmitsburg, were married at St. Mary's church, Fairfield at a nuptial mass Thursday morning at 8 o'clock by the Rev. P. F. Sullivan.

Firemen Form at Cashtown: The organization meeting for the Cashtown Fire company, included the election of officers to serve for the following year. This resulted as follows:

R. D. Bream, president; George Carbaugh, secretary; George W. Swartz, treasurer; A. L. Carbaugh, fire chief; John Guyer, assistant chief; Daniel Mickle, second assistant chief; Nevin Shultz, chaplain; Floyd Hartman, fire marshal.

Building Double Dwelling: T. E. Farrell, Baltimore street contractor, has begun the erection of a double dwelling at the corner of Stratton street and Lincoln avenue. This will make a dozen fine dwellings completed on Lincoln avenue, between Carlisle street and Stratton street within a year.

Couple Married for Fifty Years: The golden wedding anniversary of Dr. and Mrs. E. S. Breidenbaugh was celebrated in a fitting manner at a party given by their granddaughter and her husband, Mr. and Mrs. Kendrick Lynch, at the Lincoln Way Inn on Monday evening.

Cabinet Company Building Goes Up: Littlestown's addition to Adams county's furniture and cabinet industries products, the Keystone Cabinet company building, is rapidly nearing completion.

Forming a New Cabinet: (By Associated Press) London, Nov. 24—President Ebert has invited Herr Von Kordoff, a member of the German people's party, to form a new German cabinet, says a dispatch from Berlin this afternoon. It is anticipated that he will accept.

Anglo-French Relations Never Worse, Says George: (By Associated Press) Glasgow, Nov. 24—Former Prime Minister Lloyd George declared in a campaign speech here today that Great Britain's relations with France were never worse.

Personal: Miss Helen Cunningham, of Gettysburg, is spending a week in Maryland. While there she expects to participate in a steeplechase on the Greenpowder river.

Mrs. E. H. Forrest, York street, returned home Saturday evening after spending a week visiting her daughter, Miss Louise Forrest, in Baltimore.

Daniel C. Coleman, of Gettysburg, is reported in a critical condition at the Warner hospital.

Mrs. William Quimby, of Philadelphia, spent the past few days here. Mrs. Quimby was the former Miss Jennie Will.

The Misses Mary and Grace Ramey, Carrie Codori and Mable Grenoble are guests of Mr. and Mrs. Oscar Shaw at the Ritz-Carlton Hotel, Philadelphia.

## VAGUE HOPE OF COMPROMISE ON FOOD SUBSIDIES

Washington, Nov. 24 (AP)—Administration leaders clung to the gossamer-like possibility of a Senate compromise today as their only hope of saving food subsidies—the president's No. 1 weapon against rising living costs.

"We're down to the bed-rock issue; either we want inflation or we don't want it," said Senator Pepper (D-Fla.) as the house voted 278 to 118 late yesterday to outlaw subsidies after the first of the year.

"Overnight Inflation" Senator Lucas (D-Ill.) and administration supporter, said "the end of subsidies will mean overnight inflation."

"Of course we will try to work out some sort of compromise," he added, but members of both parties conceded privately that only a presidential veto could keep the program alive, and even that might be overridden.

Even as the house voted out subsidies for the second time, the price control setup was attacked on other fronts.

Arguments Identical A house bloc mustered sufficient strength to force the issue on an attempt to remove oil and coal controls from the office of price administration which has turned back numerous efforts to raise ceiling prices. The house group wants the two industries placed under Interior Secretary Ickes who recently agreed to a boost in coal mine wages and long has fought for a higher crude oil price.

On the Senate side dairy state members were ready to force a test on legislation which would boost the retail price of milk a cent a quart. The arguments in both cases were identical, that prices should be allowed to "rise to their natural level at the market place."

WORKER HELD IN THEFT OF RADAR

Philadelphia, Nov. 24 (AP)—Robert Taggart, 24, an electrician's helper at the Philadelphia Navy Yard and a former soldier, was held in \$1,500 bail yesterday on a charge of stealing a vital part of a destroyer's radar mechanism.

Arraigned before U. S. Commissioner Norman J. Griffin on a charge of larceny of government property, Taggart said, "I thought maybe I could use it for testing radios later on."

Griffin said that the timely discovery of the missing part—a plane and ship detecting device—prevented the crew from being placed in possible jeopardy.

FBI agents testified that the mechanism was stolen while Taggart was employed at the yard. He was dismissed from his job, they said, but his arrest was deferred while possible espionage aspects of the case were investigated.

Taggart told Griffin he served 18 months in the army but was discharged on a dependency plea.

FLASHES OF LIFE

BLACKOUT FASHIONS London (AP)—Feminine ingenuity at last has hit on a way to overcome the inconveniences of clothing rationing.

A London drapery shop director disclosed that many women have been buying ration-free materials intended for blackout curtains and are making them into coat linings, slips and underwear.

What's more, a board of trade official said, it seems that nothing can be done about it.

DUTY With U. S. Forces, Bougainville (AP)—Lieut. Col. O. C. Ledbetter of Burlingame, California, says that advancing Marine forces on Bougainville are being instructed:

"Every Jap has been told that it is his duty to die for the Emperor."

"It is your duty to see that he does."

SNAPSHOT Salt Lake City (AP)—While a man was having his picture taken in the rear room of the Capitol Photo studio, his companion remained out front.

After they departed, the proprietor missed \$11 from his cash register.

He called police—then hurried to develop the film.

**QUAKERS, TEXAS AND NAVY ARE PICKED TO WIN**

By ORLO ROBERTSON

New York, Nov. 24 (AP)—Here we go one last fling at trying to give you football winners with due thanks to the good luck charms that have brought us this far with an 811 average (233 winners, 53 defeats, 10 ties).

**Thanksgiving Day**

Texas-Texas A&M—The Southwest Conference title and a Cotton Bowl bid is at stake. By the enigmistic-minie-moe method, Texas, Cornell-Pennsylvania—Bob Odell to bow out in a blaze of glory and lead the Quakers to victory. Penn. Colgate-Brown—The Red Raiders from the Chenango valley are not in the class with Army so look for the Bruins to bound from their defeat at the hands of the Cadets. Brown.

Arkansas-Tulsa—The Oklahomaans, headed for their second straight undefeated season, are not going to be stopped by a weak Razorback eleven. Tulsa.

North Carolina Pre-Flight-North Carolina State—The Pre-Flights should knock off the Wolf pack with ease.

Kansas-Fort Riley—The soldiers have plenty of power and that spells defeat for the Jayhawkers.

St. Mary's-Utah—A couple of weak sisters. On a hunch, St. Mary's.

**Saturday, November 27**

Navy-Army—Anyway you look at it, this is a tough one. With the belief that the Middies have the depth and the line power, we give you Navy.

Southwestern Louisiana-Randolph Field—And talking about tough ones, try this one on your piano. Randolph Field.

Georgia-Georgia Tech — Eddie Prokop to lead the Engineers right into the Sugar Bowl. Georgia Tech.

Notre Dame-Great Lakes—Can't see the sailors stopping the Irish.

Iowa Pre-Flight-Minnesota—Too bad for the Gophers.

Del Monte Pre-Flight-California—Del Monte.

Southern California-UCLA—Southern California to repeat its early season triumph.

And now for one last trip over the chalk lines: Thursday—Unbeaten Franklin and Marshall over Bucknell; Oklahoma Aggies over Denver; VMI over Maryland; Wake Forest over South Carolina; Saturday—Rutgers over Brooklyn, Camp Lejeune over Jacksonville Naval ATTC; North Carolina over Virginia; Oklahoma over Nebraska; Lafayette over Lehigh; Southwestern (Texas) over Rice and Texas Christian over Southern Methodist.

**SPORTS ROUNDUP**

By HUGH FULLERTON, JR.

New York, Nov. 24 (AP)—Judge Landis was 77 years old the other day but it was Bill Cox who got the birthday present from the judge. . . . at any rate, when Cox was bounced out of organized baseball, nobody could accuse Branch Rickey of being the brain behind his move. . . . That permanent cure for the National League's Phillies headache that Ford Frick found last winter must have worked to some extent; the league didn't have to locate a new buyer this time. . . . Sammy Angott's brain trust has rejected plans to make Monday's Angott-Bobby Ruffin fight a 15-rounder, the winner to meet Beau Jack for the lightweight title. Sammy still is champion in more states than the Beau. . . . Col. Biff Jones and his staff have been checking every application for Army-Navy tickets with postal authorities to make sure they stay inside the 10-mile limit.

**SLOW WHISTLE**

Hearing about that Oklahoma Aggies-Arkansas game last Friday, when 80 passes were thrown, Frank Bridges, the football Dodgers' scout and assistant coach, admitted that they really pitch 'em in the southwest. . . . Frank recalled officiating that kind of a game in Oklahoma some years ago and, toward the end, when a pass came sailing down the field with no receiver in sight, the umpire became excited and jumped up to make a perfect catch. . . . "Then he really got confused," said Frank, "while he was just standing there wondering what to do. I patted him on the back and asked, 'Why not give the game back to the boys?'"

**ONE-MINUTE SPORTS PAGE**

The reason Northwestern U. recently gave Coach Lynn Waldorf a new three-year contract (as we get it) was to head off a move to give Pappy's job back to Tom Stidham of Marquette. . . . Chick Wergeles, who had to give up 1½ per cent of Beau Jack's purse in the first Bobby Ruffin fight because of Beau's weight trouble, now is hollering that he'll get that back and more before he'll let the champ go through with the return bout December 17. . . . Floyd Rightenberg is the second first baseman signed by the White Sox off the Detroit sandlots. The first, Joe Smaza, is in the Army. . . . The latest major league bulletin lists only 30 scouts for the 16 clubs, but when somebody asked the Yanks' Paul Krichell the other day how many scouts there are in the United States, Paul asked: "What is the population of the United States?"

**TODAY'S GUEST STAR**

Tim Cohane, New York World-Telegram: "Early to kick those extra point tries makes Leahy healthy, wealthy and wise."

**SERVICE DEPT.**

Chief Specialist Arnold Auerbach, formerly of George Washington U. and later a pro basketball player, is in charge of the new and bigger intra-mural sports program at the Norfolk Naval Training Station. . . . with such players as Sabastanski, Malzewski, Bochnynski and Giannini in the Camp Lejeune, North Carolina, lineup, the Marines sent a self-pronouncing guide to the Jacksonville Naval Air Technical Training Center to help the guy who'll man the public address system at Saturday's game. . . . "Country" Ferguson, former southern welterweight champion boxer, is coaching the Coast Guard Mounted Beach Patrol at Charleston, South Carolina. . . . When the indoor boxing season gets under way at Keesler Field, Mississippi, a dance and swing unit from the Army Air Forces band will play between bouts. . . . What could be more appropriate?

**ROUGH VOYAGE**

Heavyweight Jim Bowden probably set a record of some sort recently when he fought Buddy Scott in Beaumont, Texas, on Monday night and Jimmy Carroll in Jacksonville, Florida, on Tuesday. . . . After being stiffened by Scott in four rounds, Bowden was revived in time to catch a train for New Orleans. . . . there he changed to a plane and reached Jacksonville at 4:30 in the afternoon. . . . The trip must have done him good; he only lost a decision to Carroll.

**OPA VIOLATION**

Philadelphia, Nov. 24 (AP)—A federal grand jury yesterday indicted Lewis A. Miller, Easton, Pa., 31 counts on charges of selling ungraded beef at 20 to 23 cents above ceiling prices.

**SPORT SHORTS**

Chicago, Nov. 24 (AP)—Sammy Baugh of the Washington Redskins is only 11 completions behind Sid Luckman and has three more games in which to dissolve this deficit to stake a claim for the National Football league 1943 passing championship.

Caracas, Venezuela, Nov. 24 (AP)—Arturo Godoy, Chilean heavy-weight fighter, may box again in the United States. His manager, Luis Porto, said today James Johnson, of New York, had offered to arrange fights in New York, Chicago and Philadelphia. Al Weill, former manager of Godoy, also has made offers. Porto said.

Wilkes-Barre, Pa., Nov. 24 (AP)—Millard (Dixie) Howell, pitcher with the Syracuse chiefs of the International league, was inducted into the army yesterday. Howell formerly played for Wilkes-Barre and Cleveland.

Pittsburgh, Nov. 24 (AP)—The "Corbets," champions last year of the fast Pittsburgh municipal semi-pro basketball league have a good prospect for the coming season in John (Brooms) Abramovic, who once racked up a record 53 points while playing with Salem College.

New York, Nov. 24 (AP)—Big Paul Mitchell, Minnesota tackle, grabbed honors as the outstanding lineman of the week on the nation's grid-irons. Playing against Wisconsin Mitchell's sweat-soaked No. 75 jersey was in virtually every play. He was outstanding both on defense and offense.

In the southwest Clyde Flowers, big Texas Christian tackle, again turned in a grand exhibition of bucking up the line and of blocking.

**3 KILLED IN BUS CRASH**

Sacramento, Calif., Nov. 24 (AP)—One woman and two men were killed and 14 other passengers were injured today in the collision of a Greyhound bus and a passenger car near Roseville northeast of here on Highway 99.

**WPB OKAY**

Philadelphia, Nov. 24 (AP)—A 50-cent per hour starting rate for assembly workers and a 60-cent hourly wage for skilled operators has been approved by the regional war labor board for some 360 employees at the Spaldie Shirt Company, Butler, Pa. The order is effective immediately.

**ORITZ RETAINS BANTAM CROWN**

Los Angeles, Nov. 24 (AP)—California's Aztec assassin, Manuel Ortiz, still wears his bantamweight crown with the ease and consummate grace of a true champion.

Ortiz last night belted the previously undefeated Detroit, south paw Benny Goldberg, from one corner of the ring to another and gained a unanimous verdict in 15 rounds. It was the eighth defense of the title this year by the slug-ging Ortiz, most active champion in the game.

Ortiz weighed 117½, a half pound under the limit, and Goldberg weighed 116½.

**DEER IN STATE ARE PLENTIFUL**

Harrisburg, Nov. 24 (AP)—Pennsylvania hunters, who expect to hunt for deer at the beginning of the two-week season next Monday, today had good news from the State Game Commission—a deer is plentiful and the high-powered rifle ammunition situation is improved.

Seth Gordon, game commission director, said "herds from 25 to 50 deer are not uncommon sights in fields adjacent to farms," but declined to forecast what the season's kill will be.

As for prospects of getting ammunition, Gordon said "the big game hunters are better off than the small game nimrods."

There are plenty of reserves in the hands of deer hunters and the boys are doing a pretty good job of swapping among themselves.

He added that a bigger supply of the ammunition is also coming through to the retailers.

Gordon, however, had this warning for members of the armed forces: "Don't hunt with Army automatic rifles or garands—you can't use them in this state under the law."

Bucks only are legal from Nov. 29 through Dec. 11 and they must have "Y" racks. Later—Dec. 13 through Dec. 15—antlerless deer are legal in seven northern tier counties to those holding special permits.

**PENN ACE MAY PLAY IN NEW SPOT THURSDAY**

By CHARLES WELSH

Philadelphia, Nov. 24 (AP)—Bob Odell, the back who has made Penn followers stop dreaming about the good old days, gets his last chance to glitter tomorrow in the golden anniversary game of the Penn-Cornell football feud.

Rumors emanating from Franklin Field hint pretty strongly that Master Robert will be very busy between 2 and 4 p. m. turkey day. So far this season Bob has had nothing to do except call signals, handle the bulk of the blocking, make a big share of the tackles and occasionally grab the ball and scoot for a touchdown when one was needed.

The other day his teammates chose Odell permanent captain, succeeding tackle Cleo Calcagni, who will play for Cornell, having been shifted to Ithaca by the Navy. It is also reported that Coach George Munger has nominated the Sioux City, Ia., husky to play tail-back where he will do most of the ball-carrying; handle the punting, and perhaps toss a pass or two.

**Two-Man Team**

"I would not," said one wag after sampling the rumors, "be surprised to see Munger send nobody on the field at the kickoff except Odell and Frank McKernan."

McKernan, prevented from scrimmaging by old injuries, is Penn's point' after touchdown placement specialist.

Offensive assignments would not be new to Bob. He played tailback as a sophomore and junior and was Penn's leading ground-gainer last year. Although he has carried the ball only 30 times in Penn's eight games, he has gained 235 yards, and average of 7.8 per try. Some of his more notable feats of the season are on 80 yard touchdown run against Princeton; scoring the touchdown that tied Army on a 70-yard pass and run play, and 41-yard scoring dash on an intercepted pass against Navy.

**Good Blocker**

Odell has handled the No. 2 back-field spot this season because Munger found good blocking backs rationed at Pennsylvania.

He has kicked only twice this year, both quick kicks against North Carolina. One went 71 yards from the line of scrimmage, the other only 59. Bob isn't a "form" kicker, resembling nothing more than a stork trying to wade through deep mud, but the ball goes a long way, which is the payoff. He hasn't thrown a pass this year in competition, but he's an average fair pitcher.

Cornell will need a defense-in-depth to stop Odell. Without such a defense, Munger may even be able to get by without using McKernan.

**HIGH GRIDDERS CLOSE SEASON THANKSGIVING**

By LEE V. KEBACH

Philadelphia, Nov. 24 (AP)—Pennsylvania's schoolboy football warriors will earn their turkey—or pot roast—tomorrow by winding up a slam-bang season that already has seen four major conference pennants virtually hung on the walls.

Comparatively few contests are on tap since many elevens already played their finales, but regardless of their outcome it is doubtful if any of the current first place and runner-up clubs can be ousted.

Eastern Conference officials already ceded Lansford and Dunmore the titles in the loop's southern and northern divisions, respectively. Dunmore closed its campaign with a percentage of 636 officials said, far ahead of Kingston which is second with 533.

Undefeated Lansford, with 750 points, entertains Coaldale, and regardless of the outcome cannot be headed by second place Shenandoah which has a 539 percentage.

**Meyers Likely Champ**

In the Wyoming Valley conference, Wilkes-Barre Meyers unofficially was declared the winner for the second consecutive year, several weeks ago, but it can erase any remaining doubt by defeating its intra-city rival, G.A.R. Meyers, undefeated but tied twice, is favored to win. Berwick, however, is running a close second.

Allentown holds a rather commanding lead in the Big 15, but must subdue Bethlehem to make certain of the crown. Conference officials said if the Canaries were tied or defeated, the final ratings would be close with second place Steelton having a slim chance at the title provided it defeats Williamsport.

The lone game in the Western conference, which closed early this year, finds Huntingdon in a rather masterful spot. Loop leader most of the season, Huntingdon is definitely eliminated, but the outcome of its game with Mt. Union will determine the winner.

Officials said a Huntingdon victory will make Ebsburg the champ with a 220 percentage, five points ahead of Windber which now is leading the circle with 215 points. The tussle between Lock Haven

**ORITZ RETAINS BANTAM CROWN**

Los Angeles, Nov. 24 (AP)—California's Aztec assassin, Manuel Ortiz, still wears his bantamweight crown with the ease and consummate grace of a true champion.

Ortiz last night belted the previously undefeated Detroit, south paw Benny Goldberg, from one corner of the ring to another and gained a unanimous verdict in 15 rounds. It was the eighth defense of the title this year by the slug-ging Ortiz, most active champion in the game.

Ortiz weighed 117½, a half pound under the limit, and Goldberg weighed 116½.

**DEER IN STATE ARE PLENTIFUL**

Harrisburg, Nov. 24 (AP)—Pennsylvania hunters, who expect to hunt for deer at the beginning of the two-week season next Monday, today had good news from the State Game Commission—a deer is plentiful and the high-powered rifle ammunition situation is improved.

Seth Gordon, game commission director, said "herds from 25 to 50 deer are not uncommon sights in fields adjacent to farms," but declined to forecast what the season's kill will be.

As for prospects of getting ammunition, Gordon said "the big game hunters are better off than the small game nimrods."

There are plenty of reserves in the hands of deer hunters and the boys are doing a pretty good job of swapping among themselves.

He added that a bigger supply of the ammunition is also coming through to the retailers.

Gordon, however, had this warning for members of the armed forces: "Don't hunt with Army automatic rifles or garands—you can't use them in this state under the law."

Bucks only are legal from Nov. 29 through Dec. 11 and they must have "Y" racks. Later—Dec. 13 through Dec. 15—antlerless deer are legal in seven northern tier counties to those holding special permits.

**PENN ACE MAY PLAY IN NEW SPOT THURSDAY**

By CHARLES WELSH

Philadelphia, Nov. 24 (AP)—Bob Odell, the back who has made Penn followers stop dreaming about the good old days, gets his last chance to glitter tomorrow in the golden anniversary game of the Penn-Cornell football feud.

Rumors emanating from Franklin Field hint pretty strongly that Master Robert will be very busy between 2 and 4 p. m. turkey day. So far this season Bob has had nothing to do except call signals, handle the bulk of the blocking, make a big share of the tackles and occasionally grab the ball and scoot for a touchdown when one was needed.

The other day his teammates chose Odell permanent captain, succeeding tackle Cleo Calcagni, who will play for Cornell, having been shifted to Ithaca by the Navy. It is also reported that Coach George Munger has nominated the Sioux City, Ia., husky to play tail-back where he will do most of the ball-carrying; handle the punting, and perhaps toss a pass or two.

**Two-Man Team**

"I would not," said one wag after sampling the rumors, "be surprised to see Munger send nobody on the field at the kickoff except Odell and Frank McKernan."

McKernan, prevented from scrimmaging by old injuries, is Penn's point' after touchdown placement specialist.

Offensive assignments would not be new to Bob. He played tailback as a sophomore and junior and was Penn's leading ground-gainer last year. Although he has carried the ball only 30 times in Penn's eight games, he has gained 235 yards, and average of 7.8 per try. Some of his more notable feats of the season are on 80 yard touchdown run against Princeton; scoring the touchdown that tied Army on a 70-yard pass and run play, and 41-yard scoring dash on an intercepted pass against Navy.

**Good Blocker**

Odell has handled the No. 2 back-field spot this season because Munger found good blocking backs rationed at Pennsylvania.

He has kicked only twice this year, both quick kicks against North Carolina. One went 71 yards from the line of scrimmage, the other only 59. Bob isn't a "form" kicker, resembling nothing more than a stork trying to wade through deep mud, but the ball goes a long way, which is the payoff. He hasn't thrown a pass this year in competition, but he's an average fair pitcher.

Cornell will need a defense-in-depth to stop Odell. Without such a defense, Munger may even be able to get by without using McKernan.

**HIGH GRIDDERS CLOSE SEASON THANKSGIVING**

By LEE V. KEBACH

Philadelphia, Nov. 24 (AP)—Pennsylvania's schoolboy football warriors will earn their turkey—or pot roast—tomorrow by winding up a slam-bang season that already has seen four major conference pennants virtually hung on the walls.

Comparatively few contests are on tap since many elevens already played their finales, but regardless of their outcome it is doubtful if any of the current first place and runner-up clubs can be ousted.
